

GENUS POWER INFRASTRUCTURES LTD

(Formerly GENUS OVERSEAS ELECTRONICS LTD)
Rs 6569 mn (2009-10)

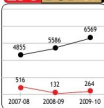

Genus Power Infrastructures is an integral part of the \$300-million Kalush Group. The company primarily deals in manufacturing and distribution of electronic energy meters, power distribution management projects, hybrid microcircuits, inverters, batteries, home UPS and online UPS across India as well as globally. Genus is the first Indian company to achieve the DLMS certification for meters. A strong IT software design and application team addresses integration of meters with data monitoring software and reduction of T&D losses through IT infrastructure. It has become a global player in the power electronics field by setting up manufacturing facilities in Brazil and marketing offices in Singapore and US.
