VINDHYA TELELINKS LTD

Rs 2227 mn (2009-10)

Vindhya Telelinks was established as a joint venture between Universal Cables Limited and Madhya Pradesh State Industrial Development Corporation Limited to implement a project for manufacture of jelly-filled telephone cables (JFTCs). The plant located at Rewa, M.P., started commercial production in 1986. The company has since become the leading supplier of jelly-filled telecommunication cables and optic fibre telecommunication cables to BSNL, MTNL and other leading organisations like NTPC, SAIL, Bharat, Tata TeleServices and Reliance Infocom. The modest initial manufacturing capacity of JFTCs has increased manifold and these are now offered in a wide range from three pairs to 2400 pairs.
