CHASE
 Electronic Coatings
 We make a material difference

INDUSTRIAL APPLICATIONS
 » Ensures reliability in the most hostile environments
 » Excellent solvent and chemical resistance
 » Superior flexibility over wide temperature

INDUSTRIAL APPLICATIONS
 » Ensures reliability in the most hostile environments
 » Excellent solvent and chemical resistance
 » Superior flexibility over wide temperature

AUTOMOTIVE APPLICATIONS
 » High performance coating for the world's leading automotive manufacturers
 » Chemically resistant to all automotive fluids

LOW VOC MATERIALS
 Complete range of environmentally friendly, UV-curable, water-based

» Acrylics » Aerosol Products » Masking Products »
 Synthetic Rubber » Thinners »
 Water Based »
 Supplying the most diverse range of conformal coating solutions that deliver protection in all electronics applications against:
 » Humidity and condensation
 » Airborne contamination and impurities
 » The influence of severe operating conditions
 » Common problems associated with lead-free manufacture

MILITARY APPLICATIONS
 » Widely specified throughout the defense and aerospace industry
 » Easy application
 » Excellent solvent and chemical resistance
 » Superior flexibility over wide temperature

INDUSTRIAL APPLICATIONS
 » Ensures reliability in the most hostile environments
 » Excellent solvent and chemical resistance

 Supplying the most diverse range of conformal coating solutions that deliver protection in all electronics applications against:
 » Humidity and condensation
 » Airborne contamination and impurities
 » The influence of severe operating conditions
 » Common problems associated with lead-free manufacture

Select the best CONFORMAL COATING for your application

...All Chemistries Solutions

Supplying the most diverse range of conformal coating solutions that deliver protection in all electronics applications against:

- » Humidity and condensation
- » Airborne contamination & impurities
- » The influence of severe operating conditions
- » Common problems associated with lead-free manufacture
