HD DIGITAL CAMERAS

FUJIFILM'S HIGH-DEFINITION JV SERIES CAMERAS FOR FINE PICTURE QUALITY

Price: Rs 7799 onwards

Now you can make your memories more beautiful and cherish unforgettable moments with the newly launched high-definition Fujifilm JV series digital cameras.

The JV100 and JV150 offer options of 12 megapixels and 14 megapixels, respectively, with powerful Fujinon 3x optical zoom lenses. These are equipped with maximum sensitivity of ISO3200, so photos appear natural and more true to life even with limited available light. High sensitivity also stops the action of high-speed moving subjects, and digital image stabiliser reduces blurs caused from camera shake using high sensitivity and fast shutter speed.

The cameras are equipped with six-scene auto recognition. The advanced face detection technology can simultaneously recognise up to ten faces in a photo.

SLIMMEST FULL HD 3-D LED TV

SAMSUNG SERIES 9000 IS WAFER-THIN AND COMES WITH A TOUCHSCREEN REMOTE CONTROL

Samsung Electronics has launched the world's slimmest Full HD 3-D LED TV in the Indian market. The 2010 CES Best of Innovations award winner, the Samsung 9000 series is ultra-sleek (8mm) thin with built-in tuner. Another unique aspect of the 9000 series is the premium touch-screen remote control with colour display, an ear-phone jack and Twin View, which lets

you watch TV or Blu-ray DVD titles simultaneously. The remote also has a 'one-click play' feature, which means if you play the DVD connected to the TV, the TV turns on automatically. The remote includes AllShare and a QWERTY keyboard, and at 2.4 GHz, its integrated Wi-Fi and infrared technologies control the TV, STB and AV devices with on-screen buttons.

CONVERGED HANDHELD GAMING CONSOLES

HCL ME GAMING CONSOLES WITH MULTIMEDIA, EDUCATION AND ENTERTAINMENT FEATURES OFFER ABSOLUTE VALUE FOR MONEY

Price:
ME X15: Rs 3799; ME Z15: Rs 4990

HCL Infosystems has launched converged handheld gaming consoles for the Indian kid-gamers, ME X15 and Z15. Both the models feature 15 in-built games, 16-bit graphics (support for 32 bits), MP3/MP4 player, 5MP camera, FM radio, video record-

ing, E-book and dictionary, and built-in speakers. The two only differ in that the ME X15 has TV-out and 2GB internal memory expandable up to 4 GB, while ME Z15 has TV recording and microphone recording, and 2GB internal memory expandable up to 6 GB.
