

ENTERTAINMENT NOTEBOOKS

LENOVO Y-SERIES NOTEBOOKS WITH PREMIUM FEATURES LIKE JBL SPEAKERS, DOLBY HEADPHONE TECHNOLOGY AND ONE-KEY THEATRE

Price: Rs 46,235 onwards

Lenovo has introduced a new range of trendy, stylish, premium multimedia notebooks. From being just an outstanding computing machine, the IdeaPad Y460 (35.6cm) and IdeaPad Y560 (38cm) notebooks seamlessly

transform into a sleek home theatre, or an envious gaming device, at the touch of a button. The notebooks fascinate you with their artistic cover pattern, the classic orange loop and an elite impression.

Powered by Intel Core i5-450m processor, the notebooks have inbuilt features like one-key theatre for super cinematic experience, JBL speakers and Dolby headphone technology for superb audio, and multi-touch touchpad for ease of use. These also include exceptional safety applications like Lenovo Veriface face recognition and one-key rescue system.

NETBOOK WITH 8-HOUR BATTERY LIFE

TOSHIBA NB250 SERIES OFFERS YOU THE FREEDOM OF ALL-DAY COMPUTING WITHOUT RECHARGE

compromise on comfort and style, go for Toshiba NB250 series netbook. The NB250 series is enhanced by an energy-efficient design, featuring a 25.7cm (10.1-inch) clear super-view LED-backlit display, and the latest Intel Atom processor N455. The high-capacity six-cell battery enables the NB250 series to achieve an impressive battery life of up to eight hours.

In addition to being power-efficient, the NB250 series is fully compliant to ROHS directives and meets rigorous requirements of the EnergyStar 5.0 standard.

If you want a smaller, lighter, easy-to-use, affordable ultraportable computing device but don't want to

DIGITAL PHOTO FRAME

BRING BACK THE SWEET MOMENTS DIGITALLY ALIVE WITH LG F8010N

Price: Rs 8990

LG Electronics has launched a digital photo frame to adorn your living rooms with special memories. The F8010N allows users to view and share memories on a 20.3cm (8-inch) wide screen, making it a perfect gift option.

Glossy in looks and stylish in design, the photo frame enables full-screen viewing of images, gratifying the user experience. It is equipped with multiple options such as storage folder, image browsing, slide-/multishow, image pause/zoom, digital clock, calendar and alarm, making it an art piece fitted in a perfect frame. It also gives users the convenience of changing images from a distance. The remote control packed with the frame facilitates easy image transition. With a resolution of 800x600, the picture clarity is superb.

With the internal capacity of 2 GB, you can store ample images and create an album for everlasting memories. Using the in-built USB port, you can directly transmit photos of the digital camera to the photo frame.
