Make it super thin

Make magic with plastics

Thinner. Lighter. How ambitious are you for your next phone, tablet or ultrabook? Now you can design parts and components as thin as 0.12mm, and they will be rigid and durable. High flow plastics from DSM, outperform every benchmark. We work with designers and engineers at the world's leading mobile brands to create the next generation devices. They challenge us to make their designs for frames, enclosures, antennas, connectors (e.g. audio jack, USB Type-C) and cables possible with plastic. We innovate advanced plastics and work with the component manufacturers to turn their design vision into reality. What's possible for your next device? Make it thinner. Stronger. Without harmful substances. Contact your local DSM expert and share your challenge.

UV LED Solution's

CMH6868 Series

Features:

- Long operating life
- High Cost effective
- Superior ESD protection
- RoHS compliant

Applications:

- UV curing
- Counterfeit detection
- Photocatalytic purification

CMH6060 Series

Features:

- Long operating life
- High Cost effective
- Superior ESD protection
- RoHS compliant

Applications:

- Water purification
- Air Purification
- Surface sterilization

C3535 Series

Features:

- Long operating life
- High Cost effective
- Superior ESD protection
- RoHS compliant

Applications:

- Nail painting
- Counterfeit detection
- Photocatalytic purification

C5050 Series

Features:

- Long operating life
- High Cost effective
- Superior ESD protection
- RoHS compliant

Applications:

- Sensors
- Air purifier
- Water purification
- Sterilization & disinfection

CMH Inorganic UV LED Package

High Reliability: 10000 hours aging testing, decay of radiation flux is below 15%.
Avoid the yellowing problem caused by the ultraviolet radiation to the organic materials.
Avoid the failure caused by thermal stress of organic package material.
N2 or vacuum protection, ESD Protection, RoHS Compliant.

MG Chemicals

**One company.
Many solutions.**

Adhesives

- Brushes
- Cleaners / Degreasers
- Conformal Coatings
- Contact Cleaners
- Desoldering Braid

Dusters + Circuit Coolers

- EMI / RFI Shielding
- Epoxyes
- Flux + Flux Removers
- Glass + Screen Cleaners
- Lubricants
- Potting + Encapsulating

Prototyping Materials

- RTV Silicones by GE
- Solder
- Specialized Chemicals
- Swabs + Wipes
- Thermal Management
