

CAPACITORS FOR POWER ELECTRONICS

Alcon manufactures a wide range of screw terminal aluminium electrolytic capacitors and a large variety of film capacitors. The product range is designed to cater to the varied needs of the power electronics industry. Alcon also manufactures custom designed capacitors using cost effective design concepts. All capacitors manufactured by Alcon are ROHS and REACH compliant. At Alcon, quality has been built into the entire manufacturing process. The finest end products are ensured by using best quality of raw materials, proven technology, modern production equipment and techniques. Most important are the stringent process and quality control systems. It is for this reason that Alcon caters to a large customer base in India and other countries like Germany, Finland, UK, South Korea, Denmark, USA, Turkey, China to name only a few.

Aluminium Electrolytic Capacitors

- Voltage range 50 to 500 VDC
- Capacitance range 330 MFD to 2,00,000 MFD
- Temperature rating -40 to +85°C and -40 to +105°C
- Life characteristics 2000 Hrs., 5000 Hrs., 15,000 Hrs.

IGBT Snubber Capacitors

- Low ESR
- 21 different terminal styles
- Voltage range 700 to 3000 VDC
- High dv/dt
- Temperature rating -40 to +85°C and -40 to +105°C

Power Film Capacitors

- Voltage range 400 to 1200 Vrms
- Frequency range 5 KHz to 1 MHz
- Power rating 150 to 1000 K Var
- Current rating 200 to 1250 Arms
- Conduction Cooled and Water Cooled

DC Link Film Capacitors

- Voltage range 700 to 2400 VDC
- Capacitance range 45 to 2350 MFD
- Dissipation factor 0.0015 – 0.0002
- Life expectancy 100,000 hours
- Temperature rating -40 to +85°C and -40 to +105°C

CUSTOM DESIGNED CAPACITORS AVAILABLE ON REQUEST.

34-B, MIDC Industrial Estate, Satpur, Nashik - 422 007, India.
