

Original, innovative circuit ideas are invited

from designers and
experimenters
for publication in EFY magazine

Honorarium (minimum ₹1,000)
will be paid to the contributors soon
after publication of their articles.

Complete details may be sent to the
Editor, Electronics For You,
D-87/1, Okhla Industrial Area Phase 1,
New Delhi 110020
or emailed to editsec@efy.in

Fig. 2: Main GUI panel for watermarking with password

Fig. 3: GUI window with watermarked image and extracted logo

- The GUI panel will open
- Select any cover image from your system
- Then select a logo that you want to embed on the cover image
- Select the bit position for embedding your logo
- Press 'Assemble/Embedded watermark' button; a watermarked image will appear on the screen
- Press the button 'Calculate PSNR & MSE' to measure these factors between the original and watermarked image
- By changing the bit position and embedded logo, you will get different PSNR and MSE values
- The logo may be extracted from the cover image by pressing the button 'Extract watermark' (refer Fig. 3) **EFY**

EFY Note

The source code of this project is included in this month's EFY DVD and is also available for free download at source.efymag.com

Sanjeev Kumar is assistant professor and head in the department of ECE at Khalsa College of Engineering & Technology and Amandeep Atri is a B.Tech (ECE) from Khalsa College of Engineering & Technology, Amritsar, Punjab
