Ambrane announces triple output power bank

10,000mAh capacity, charges 3 devices at a time

Making sure that your mobile phone or tablet continues to work, Ambrane India offers triple-output 10,000mAh power bank P-1122 exclusively through Paytm. It may later be made available through other online stores like Amazon, Flipkart and Group On, too.

The device charges up to three devices at the same time with three built-in options. Using Li-ion battery, it can be charged and can charge your device at the same time. It can charge three to four times a smart device of 2000mAh capacity.

P-1122 is designed to suit the everyday needs. With built-in 180-degree rotating torchlight and LED indicators it is available in green, pink, grey, white and blue colours. The device is well protected from high temperatures, short circuits, over discharge and electromagnetic fields, reassuring you a satisfied and safe charging experience.

Vivo introduces V series smartphones

Offering unbeatable speed and faster fingerprint unlocking

Vivo India has launched their new V series of 4G LTE smartphones: V3 and V3Max. The phones claim 'faster than faster' unbeatable speed and premium features. With their fast fingerprint unlocking you can unlock a phone in 0.2 second and wake it up from sleep mode in 0.5 second. Both feature 13MP primary camera and 8MP front camera.

V3Max features 14cm (5.5-inch) full HD display with 1920 x 1080 pixels. It comes with 2.5D Corning Gorilla glass and a metal body, which gives it elegance and protects from accidental falls. The phone is equipped with octa-core Qualcomm Snapdragon 652 processor, 4GB RAM and 32GB ROM that is expandable up to 128GB. It runs on Funtouch OS 2.5 based on Android 5.1, which stabilises the system and makes it run fast.

V3 has the same design but comes with a smaller 12.7cm (5-inch) screen. Its HD display has resolution of 1280 x 780. Also powered by octa-core Snapdragon 616 processor, it comes with 3GB RAM and 32GB ROM, also expandable up to 128GB. It has 2550mAh battery as against 3000mAh in V3Max.

Smart multisport GPS watch from Garmin

Premium materials, rugged aesthetics and smart capabilities

Garmin India has launched their next-generation multisport GPS watch, Fenix 3 Rose Gold. The rose gold-tone watch with brown genuine leather band offers an innovative and stylish timepiece design that weaves fashion with technology and is a perfect partner for those who enjoy rigorous lifestyle. Its EXO GPS antenna enables features that support a full range of multisport activities, from advanced fitness training to cross-country and alpine skiing, snowboarding, hiking, climbing and trail running.

With scratch-resistant sapphire lens, stainless steel bezel and sunlight-readable high-resolution colour display, the Fenix 3 Rose Gold combines the GPS and wearable technology that Garmin is known for with a sleek new form factor that suits both the outdoors and the boardroom.

The new omni-directional steel EXO antenna, paired with GLONASS and EPO, provides an even faster fix and accurate position than GPS alone. Water-rated to 100 meters, Fenix 3 Rose Gold can withstand swimming and other water activities without fear of damage. It boasts 20 hours of battery life in GPS mode, 50 hours in UltraTrac mode and six weeks in watch mode.

The basic watch functions include alarms, tones, vibration alerts, timer and stopwatch. Users can also choose from a variety of analogue and digital watch faces to suit style and personal preferences. Through the Connect IQ store on the Garmin Connect Mobile app, users can download customised apps, widgets, data fields and watch faces to make their Fenix 3 Rose Gold even smarter.

This smart watch packed with features is available in select stores.
