

Rajguru Electronics 399 3rd Floor, Manek Chambers, Above Vasant Bhavan Restaurant, Lamington Road, Mumbai - 400004, Maharashtra, India. Mob: 9322168411
www.rajguruelectronics.com Tel: +(91)-(22)-23822040, 40168411, Email: sales@rajguruelectronics.com

We are Distributor for **Arduino Boards**

- Arduino uno R3
- Arduino mega2560
- Arduino starter kit
- Arduino yun
- Arduino due
- Arduino Leonardo

We are Distributor for **Spectra Symbol USA in India**

- Flex sensor 2.2"
- HotPot Potentiometer
- ThinPot Potentiometer
- Flex sensor 4.5"
- MagnetoPot Potentiometer

We are stockist and reseller for **Interlink Force Sensor**

- Force sensor FSR 400
- Force sensor FSR402
- Force Sensor FSR406

Shenzhen AI-thinker CO., Limited

We are Distributor for AI Thinker Products

- Wifi Module
- GPRS Module
- GSM module with GPRS

Professional Wireless Solutions Provider

Hi-Link Shenzhen Hi-Link Electronics Co. Ltd

NETWORK RELAY

HLK-SW16
16 Channels

HLK-SW2
2 Channels

POWER MODULE

3W Series Power module

- HLK-PM01
- HLK-PM03
- HLK-PM12

5W Series Power module

- HLK-5M05
- HLK-5M03
- HLK-5M12

WIFI ANTENNA

HLK-TX-PCB-G
Communication Distance
can reach 70 Meters

HLK-TX-LT
Design of Connective
Structure

HLK-TX-TG-10CM
Communication Distance
can be up to 50 Meters

HLK-TX-6DB
Communication Distance
of 70 Meters

HLK-TX-6DB
Communication Distance
can reach 100 Meters

WIFI MODULE

HLK-RM08M
Serial-Ethernet
Wifi Module

HLK-RM08K
Fully Functional
Wifi Module

Professional Receipt Printing Solution

Rongta Technology is a Largest Manufacturer of Printer Mechanism, Control Boards in Collaboration with Rajguru Electronics in India

PRINTER MECHANISM

All type of Printer Mechanism available as per customised requirement

1" Thermal Printer Mechanism RT105RG

Features:

- Direct Thermal Line Printing
- Printing Speed upto 50mm/s
- Printing with high resolution

2" Thermal printer Mechanism RT628RG

Features:

- Compatible with Fujitsu FTP628 MCL101/MCL103
- Short delivery lead time
- Available for Taximeter, Cash register

3" Thermal Printer Mechanism RT638RG

Features:

- Compatible with Fujitsu FTP628 MCL101/MCL103
- Thermal Dot Line Printing

High Quality with Competitive Price

Control Board

(At very affordable price)

2" Control Board CB628

Application:

- Pos Machine
- Billing Machine
- Taxi Meter

Pos Machine

Billing Machine
