

YOUR SEARCH FOR LED STREET LIGHT FIXTURES ENDS HERE

15-20 Watt Glass

Dimension: 205 x 100 x 60mm
MPCB: 185 x 80mm
Driver Area: 105 x 80 x 50mm
Weight: 0.81 kg

15-20 Watt Frame

Dimension: 338 x 105 x 60mm
MPCB: 135 x 72mm
Driver Area: 100 x 68 x 47mm
Weight: 0.85 kg

24-36 Watt Glass

Dimension: 310 x 145 x 55mm
MPCB: 185 x 120mm
Driver Area: 120 x 100 x 50mm
Weight: 1.35 kg

24-36 Watt Frame

Dimension: 390 x 150 x 60mm
MPCB: 180 x 110mm
Driver Area: 75 x 100 x 40mm
Weight: 1.40 kg

48-60 Watt Glass

Dimension: 360 x 210 x 55mm
MPCB: 255 x 160mm
Driver Area: 170 x 120 x 50mm
Weight: 1.8 kg

48-60 Watt Frame

Dimension: 390 x 150 x 60mm
MPCB: 200 x 150mm
Driver Area: 75 x 140 x 40mm
Weight: 2.08 kg

100 Watt Frame

Dimension: 210 x 400 x 60mm
MPCB: 210 x 270mm
Driver Area: 210 x 125 x 55mm
Weight: 4.48 kg

UNI-AUTOMATION

Manufacturing Precision Potentiometers & Controllers

Multiturn Potentiometer

Features:

- International Body Size & Bushing Mount
- Stainless Steel Shaft & Gold Plated Terminals
- Available in 3, 5, or 10 Turn Models, "1K/5K/10K Ohm Standard"

Panel Setting Potentiometers

Features:

- Wirewound Element
- Bushing Mount
- Available in 1W, 2W, 3W & 5W Power Rating

Frequently Set Bushing Mount Potentiometers

Features:

- Long Life With Conductive Plastic Track
- Optional IP Protection Class • Available In Different Sizes

Hollow Shaft Potentiometers

Features:

- No Coupling Required
- Long Life With Conductive Plastic Track
- Available In Different Mountings

Potentiometers for Angle Sensing Feedback Control

Features:

- Very Precise Measurements • Servo Mount
- Aluminum Body

Linear Potentiometers

Features:

- Available In Different Strokes
- Aluminum Body
- Available In Spring Return & Dual Track Output

We Can Undertake New Potentiometer Development Projects Based On Specific Application

Factory Address:

Gate No. 37, Shindewadi (Shirwal),
Mahad-Bhor Road, Khandasla,
Satara Maharashtra, 412621.
