

Reliable. Available. Now.

Introducing the **TMG Series** AC/DC Power Modules in fully encapsulated plastic package, highly energy-efficient and ultra-compact size.

## TMG Series, 7 - 50W

- Fully encapsulated power supplies in plastic casing for PCB mount
- Fully regulated outputs
- 3000 VAC I/O-isolation
- High efficiency up to 90%
- Universal input range 90 to 264 VAC
- Output : 3.3V, 5V, 12V, 15V, 24V, 48V
- Operating temperature range: -40°C to +70°C max
- Short circuit, overload and over voltage protection

PCB Mount AC-DC 2W - 60W

Chassis Mount AC-DC 6W - 100W

DIN Rail AC-DC 15W - 60W

Open Frame AC-DC 60W - 200W

A wide range of AC/DC Power Supply from 2W to 1kW covering the demand in Industrial Automation, Railway, Satcom, Oil & Gas, Medical and Ground Military market segments. Product certifications to EN55022 Class A/B, EN60950, EN60601, EN61000 etc., with stock availability for most of the standard product series.

Enclosed AC-DC 40W - 600W

Single Phase AC-DC 15W - 150W

Single Phase AC-DC 15W - 600W

Three Phase AC-DC 240W - 960W

Authorized Distributor in India

#199D, 1st Floor, 4th Main, HAL 3rd Stage  
Jeevan Bima Nagar, Bangalore 560 075
