

Standard 1 Watt - 300 Watts DC to DC converters for surface mount (SMD), through-hole or chassis mount applications. High reliability and wide operating temperature range with standard $\pm 10\%$, 2:1 & 4:1 input range for industrial, commercial, communications, transportation and medical applications.

Standard and semi-customized versions up to 22000 Watt upon request.

Non-Isolated Switching Regulator 0.5 - 30A

SMD Package 1W - 15W

SIP Package 1W - 9W

High Performance DIP/PCB Modules 1W - 60W

Low Power Off Board Modules 20W - 60W

High Power Modules 60W - 300W

DIN Rail DC-DC Converters 20W - 200 Watts

Re-inforced Insulation / Medical 1W - 10W

Rugged / Transportation & Railway 8W - 200W

Safety Approval

Ex-Stock / Minimum Lead Time

3 Years Warranty
