

MULTIMEDIA SPEAKER SYSTEM

TECHCOM'S SSD-3300 FM HAS BUILT-IN DIGITAL MP3/CD PLAYER AND FM RADIO

Just plug in a pen drive or an SD card to enjoy your music from Techcom's 2.1-channel multimedia speaker system. The SSD-3300 FM packs a digital MP3/CD player with SD/USB input facilities, enabling direct playback of music

from memory cards and data storage devices. Also, its built-in digital FM radio allows you to tune into your favourite stations.

A fully functional remote control allows easy operation. The LED display adds to the clarity and crispness of information and subsequent control of the system. The hi-fi sound adds extra punch to the music.

Price: ₹ 1550

MP3/FM/MOBILE PLAYER

THE POWER MAGIC FROM S.R. ENTERPRISES CAN BE MOUNTED ON THE WALL AS WELL AS ON A TABLE

S.R. Enterprises has introduced a new audio player called 'Power Magic' that plays through a USB and mobile phones. The player also has a built-in digital FM radio, so you can listen to your favourite radio stations. Also, it features an equaliser, mobile charging arrangement, LED lighting functions and optional speakers.

The player comes with a handy remote. The design of the bracket at the back is such that it can be mounted on the wall as well as on a table.

The player operates off 12V DC, which is easily available in any vehicle. Its compact design and light weight allow it to be fitted on a motor cycle or even a bicycle. The player can also be used in environments like a car, office, home and bus. It comes with accessories like two-way 3.5mm audio pin, converter pins and 12V power adaptor. You can connect it to other devices like a laptop/computer, Walkman, mike and iPod.

**Price: ₹ 720 with speaker and adaptor (excluding taxes)
₹ 360 for only the main unit (excluding taxes)**

USER-FRIENDLY DIGICAM

FUJIFILM FINEPIX J40 IS AFFORDABLE, EASY TO USE AND PRODUCES GREAT IMAGES

Price: ₹ 6499

Fujifilm India has launched a 12.2-megapixel point-and-shoot digital camera with a 3x optical zoom lens and a 7.6cm (3-inch) LCD screen.

The FinePix J40 is just 20mm thin. It comes with a panoramic shooting mode, which helps you take quality pictures effortlessly and quickly, and 17 different scene modes ranging from 'flowers' to 'sunsets.' You just have to select a particular scene and the camera automatically selects the appropriate shutter speed, exposure and white balance to ensure that you have a great shot with the least effort. You can also try the micro-thumbnail view in playback which displays up to 100 thumbnails of your photos.

Using picture stabilisation technology, the camera minimises image blur to ensure clearer pictures. Camera shakes are also kept to an absolute minimum. Face detection technology sets focus and exposure on faces other than anything else in the background revealing sharp and evenly lit facial features.

The camera has 10 MB of internal memory and is compatible with SD and SDHC memory cards ranging from 2 GB to 32 GB.
