

we put **more in the box** so your business can think **more out of the box**

Built on distributed architecture, the COSEC range of Access Control and Time-Attendance systems from Matrix harness advanced technology to power your business. These workhorses are engineered to adapt to current and future needs of any organization by integrating biometric and RF card technologies. These solutions encompass multiple locations - removing all size, time and distance barriers, to ensure that your organization is more responsible and every member accomplishes more in less.
