

WANT TO MAKE EXCITING PROJECTS YOURSELF?

Worried about the quality of project, sourcing of components and technical support?

PROBLEM SOLVED!

Kits'n'Spares
For the 'engineer' in you

Offer

Minor Projects

Laptop Security System

₹ 400/-

As suggested by the name, this kit raises an audio alarm and turns on the LEDs as a visual indication too.

Automatic Water Level Controller

₹ 180/-

A smart kit that uses a sensor to detect when the water level has gone below a certain level. This kit is able to turn on the motor automatically and switch it off when the water rises above the 'sensor' level.

Self Learning Kits

Learner's Kit: 8051

₹ 2490/-

Here are two great kits for those who want to learn 8051 or AVR microcontrollers. These kits include the trainer boards and a CD containing software required to programme the microcontrollers.

Learner's Kit: AVR

₹ 2990/-

RFID Projects

Secure Digital Access System Using iButton

₹ 2000/-

The main circuit of this kit is the access control system, which gets triggered when it detects a radio signal bearing pre-set codes. The iButton is an RF transmitting device which has an unique ID. When the iButton comes near the access control system, if the code matches, the control system allows access.

RFID Based Security System

₹ 5500/-

An RFID based access control system which triggers an electrical signal (can be used to open a gate) when it detects RFID tags in its vicinity. This kit also has the capability to store the number of times the RFID tag comes in the vicinity of the control system.

Major Projects

Micro-controller Based School Timer

₹ 1200/-

This versatile programmable school timer can be used to display real time clock as well as school bell timings on four 7-segment LED displays. It can store about 20 bell timings and activates the bell through a relay at every predetermined period.

Obstacle Avoiding Robot

₹ 3500/-

Robot kit based on an infrared sensor, which detects obstacles in its path. The robot can be programmed to be smart enough to avoid obstacles and take alternate paths.

NEW KITS

RFID based Library Management System	5500
RFID based ATM Machine	5500
RFID based Attendance System	5500
RFID based Toll Tax System	5500
RFID based Automatic Card Parking System	5500
RFID based Automatic Challan System	5500
RFID based Voting Machine	5500
RFID based Attendance cum Security System	5500
RFID based Metro Train System	5500
RFID based Blind Man Stick	6500
