

Introducing,

Intelligent Battery Systems

Batteries that self-diagnose their problems and report to you on their status with so human intervention

Big Benefits on Uptime and Savings on Manpower costs

- Enables early preventive action.
- Ensures maximum power uptime.
- Eliminates unnecessary battery replacement.
- Monitor battery health and status remotely via Internet - get SMS/email alerts on specified threshold values.
- Huge savings on manpower costs as any number of battery banks can be monitored on a single screen.
- Makes warranty tracking easier by storing data like installation date, manufacturing date and battery capacity.

Ideally suited for applications like

- Mission critical data centers & server rooms
- Bank branches & ATMs • Telecom BTS and repeater stations • Power plants and sub stations
- Railway coaches & signalling systems
- Large steel plants • Manufacturing industries
- Solar / alternate energy systems installed with battery banks

• 50 service centers across India

• Part of a Rs.1300 crore group in the IT industry

EFY Source Code

Since the CD that came along with the magazine has been stopped, from where can I get the new software and the source code for the projects? I need the source code of 'Parallel-Port Controller Using MATLAB' project published in May 2009 issue.

Abhilash CS

Through e-mail

EFY: You can visit www.efymag.com website and download the source code of the projects, and also the software related to PCB designs, computer utility and fun stuff/games.

Obstacle Detector

I need obstacle detector project based on Atmel 89C51 or P89V51RD2 using IR sensor modules. Please publish this project with circuit diagram, source code and relevant details in your coming issue.

Sushant U. Satonkar

Aurangabad

EFY: We have published a similar project on 'AT89C52-Based Robocar' in November 2009 issue. For more details you may refer www.efymag.com website.

Guard for the Blind

I want to make an obstacle detector for blind people using infrared sensors. Let me know if you have the circuit diagram and description of the same.

Bikramjit Dey

Bhopal

EFY: You may refer to the following projects published by EFY:

1. Safety Guard for The Blind: Electronics Projects Vol. 25
2. Electronic Guard for Blind: Electronics Projects Vol. 23

You can purchase these books from 'Kits'n'Spares' or from the 'Circuits on Sale' section on www.electronicsforu.com website.

8051 Microcontroller Book

I like 8051-based projects published in EFY and I am also implementing them. Is there any book that includes all the published 8051-based projects? If yes,

please let me know how to get it. If not, can you please arrange following three projects for me:

1. Ultrasonic Sensors for Distance Measurement.
2. Code Lock Using RFID Module.
3. Wireless Data Transmission and Reception Using RF Transmitter and Receiver.

Mayur Puri

Through e-mail

EFY: You may refer to 'Microcontroller-Based Projects' book published by EFY. It's a compilation of 26 construction projects based on microcontrollers including many 8051-based projects. The following projects have been already published in EFY:

1. Microcontroller-Based Ultrasonic Distance Meter in February, 2008.
2. RFID-Based Security System in December, 2010.
3. Wireless Equipment Control Using AT89C51 in August, 2010.

If interested, please contact our associates Kits'n'Spares on 011-26371661 or info@kitsnspares.com to get the books and projects. To get more details, you may also visit www.kitsnspares.com website.

RC Control Helicopter

I am working on single-rotor RC control helicopter project. I need more details on its transmitter and receiver connections and the parts used in this project.

Roshankumar Bhamare

Jalgaon, Maharashtra

EFY: We have not published this project in EFY, so we may not be able to help you right now. Readers may like to contribute.

Voltage Stabiliser

I tried the 'Voltage Stabiliser Using PIC16F877A' project published in August 2010 issue. The hardware is fine but the hex code is not configured properly. Please help.

Ashtosh Jain

Through e-mail

The author Prof. K Padmanabhan replies: The hex code is the exact content
