

Innovating Electronics for India

Extensive Product Offering

Proven track record of excellent performance, high reliability, technologically advanced products

Solution Provider

Provision of optimized solutions based upon the specific needs of individual customers

Total Support System

Sales establishment in India supported by our technical team

electronica India 2011

A Major Multi-Sectoral International Fair

Don't miss the great opportunity to see our cutting-edge invention from Japan - "Murata Boy", in New Delhi (Pragati Maidan), 13-16 September. Please visit our booth (Hall 12/12A, Center Stage) and speak to our Sales and Product Engineers.

PRODUCT RANGE

GENERAL ELECTRONIC COMPONENTS

- Capacitors
- Noise Suppression Products
- EMI Suppression Filters
- Inductors (Coils)

RF COMPONENTS & MODULES/ FILTERS/ RESONATORS/ SOUND COMPONENTS

- Resonators
- Sound Components
- Filters for Audio Visual Equipment
- Filters for Communication Equipment
- RF Components & Modules

SENSORS/ MODULES

- Sensors
- Thermistors
- Power Supplies

*NEW PRODUCT RANGE

ESD Protection Devices

Electrolytic Double Layer Capacitor

NFC/ RFID

Actuator

MicroBlower

Micro DC-DC Converters

APPLICATIONS

Wireless Communications

Personal Computers

Visual

Home Appliances

Audio

Lightings

Automotives
