

Airtel digital TV partners with Viacom 18-Colors

Airtel digital TV has partnered with Viacom 18-Colors to launch its first subscription service—Superhitz—offering 24x7 movie and video content. Customers can now watch a collection of Bollywood blockbusters on Channel 159 by subscribing to this monthly service on Airtel digital TV.

Superhitz will show ten odd movies in the first month of launch, with more titles to be added over the subsequent months.

GETIT partners with Shorthand to launch GETIT SMS App

GETIT Infoservices has launched GETIT SMS App, in collaboration with Shorthand Mobile Inc. on the Shorthand SMS browser. The application will provide local search capabilities throughout India for people without smartphones and without the cost of using GPRS data. This SMS-based mobile browser offers access to GETIT Local Search under various categories including restaurants, auto, finance, health, education, furniture, packers and movers, etc.

Access Facebook on Google+

Here comes a new application developed by Crossrider that allows social networking site—Google+—users to view Facebook streams and update their status. Google+Facebook is a free application. It just adds an icon to Google+, where users can view their Facebook pages.

Tata DOCOMO's 'endless music' service

Tata DOCOMO has launched endless music service that offers music from the latest Bollywood forthcoming releases. The service powered by Hungama is charged at Rs 2 per day and it lets users listen and download unlimited music for an entire day from a single pool. With an additional cost of one rupee per day customers can also download unlimited 'call me tunes.'

HANDYCAM

SONY'S INBUILT, HIGH-CONTRAST PROJECTOR HANDYCAM HDR-PJ50 WITH 220GB MEMORY

Price: ₹ 59,990

Sony has come up with Projector Handycam HDR-PJ50. With 220GB hard disk drive, the handycam comes with inbuilt, high-contrast projector that can project up to 152.4cm (60-inch) image (diagonal, at a distance of 3 metre in dark environment) on any flat surface without us-

ing any additional plug-in wire, cable, computer or television.

The HDR-PJ50 comes with a 12x optical zoom and additional 17x extended zoom. With 7.1-megapixel, it also works as a digital still camera, so you can capture still images and videos with a

single gadget.

While the zoom microphone allows audio close-up, you can enjoy minimised noise and interference caused by wind with Advanced Wind Noise Reduction. It also features Dolby Digital 5.1 Surround Sound and clear-phase stereo speakers.

DESKTOP PC

LENOVO'S ALL-IN-ONE PC IDEACENTRE A320 IS 18.5MM SLIM

Lenovo has launched the Lenovo IdeaCentre A320 all-in-one PC. For customers seeking to save space, this ultra-light and 18.5mm slim PC is equipped with a double-shell design and a 54.61cm (21.5-inch) LED screen.

The PC is powered by second-generation Intel Core i3/i5 processors, Intel turbo boost technology 2.0, up to 8GB DDR3 memory and a 750GB hard disk. It features USB 3.0, USB 2.0, seven-in-one card reader, integrated Bluetooth, high-speed 802.11n WiFi, SRS premium surround sound enabled integrated speakers and external USB DVD/RW.

Note: Prices may vary according to the local applicable taxes

Price: ₹ 50,990
