

First Time in India

Microprocessor based
protection for your Home Appliances

Voltshield™

TVGuard • A/C Guard • FridgeGuard • HivoltGuard • AVS16 • AVS30

Plug into Smart Technology. ***Be safe***

High & Low Voltage, Spikes/Surges and Power Back Surges permanently damage your valuable electronic equipments. Fit our Voltshield range of products and protect your Fridge, TV, A/C, PCs & Laptops. Be rest assured, your equipment will be safe. The Voltshield Range uses Sollatek's unique microprocessor technology. This technology enables measuring incoming voltage 6,250 times per second. This limits your equipments from exposure to dangerous power conditions. Keep your equipment safe. Be safe.
