SCANNER MOUSE

**LG ELECTRONICS'S LSM-100
SCANS DOCUMENTS WITH
JUST A SIMPLE GLIDE
ACROSS THE PAGE**

LG Electronics's LSM-100 mouse has an inbuilt scanner, laser sensor and optical recognition technology to convert the scanned text into a Microsoft Word document.

Holding the Smart Scan button on the left side of the mouse, the user can swipe the mouse over the matter to be scanned. The scanned image can then be saved in a variety of file types—png, jpeg, tiff, bmp, pdf, xls and doc—or dragged and dropped into the desired application.

The scanned text in Microsoft Word document can also be edited and e-mailed.

SLIM CAMERA

SONY'S DSC-TX55 AT 12.2 MM IS CLAIMED TO BE THE WORLD'S THINNEST CAMERA

Sony has added DSC-TX55 camera to its Cyber-shot line-up. The camera, just 12.2 mm thick (measurement excludes lens cover), is even slimmer than a standard AA-size battery.

The DSC-TX55 features a 16.2-megapixel resolution, full HD video, 5x zoom and 3D capability. Its back panel has an 8.3cm (3.3-inch) OLED touchscreen.

Available in gold, black and silver colours, the camera also has a CMOS sensor that ensures image detail and ultra-low picture noise in both still images and full HD video—even in low light conditions. The camera's high-speed auto focus can lock onto a subject in as little as 0.1 second.
