

SlingPlayer for tablets

T Sling Media Inc. has launched SlingPlayer for tablets running versions 3.0 or later of the Android operating system. Available for just Rs 1477 on the Android Market, the application lets Slingbox owners extend living room TV experience to their tablets and take advantage of the higher-performance screen resolutions and video quality that the latest Android devices deliver.

PayMate and Nokia join hands for NFC technology

PayMate has developed a near-field communication (NFC) technology solution that enables display, delivery, and purchase of goods and services using a simple tap. With the recent launch of Nokia's NFC-enabled handsets, PayMate has showcased some of the capabilities of NFC to the Indian market. The technology is being used by Nokia in promoting the Ra.One Bollywood release to give away film-related content such as ringtones, games and wallpapers.

Bharti Airtel implements customer experience management platform

Bharti Airtel has implemented a customer experience management (CEM) platform in its network to optimise and enrich user experience. The operator has chosen Nokia Siemens networks to provide and deploy its CEM platform and services across India. The platform will maintain and store real-time experience metrics for every subscriber in the network enabling Bharti Airtel to proactively cater to customers' needs.

MediaTek partners with Facebook

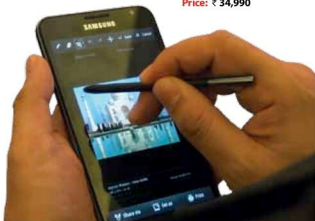

MediaTek Inc. and Facebook have formed a global partnership that will see Facebook embedded into MediaTek's mobile platform solutions, enabling users to access Facebook via affordable mobile devices. MediaTek's Runtime Environment (MRE) is a middleware technology designed for mobile developers and application providers to deploy services and content for smart feature phones.

SMARTPHONE-CUM-TABLET

a 1.4GHz dual-core processor, it runs Google's Android 2.3 Gingerbread OS.

ELECTRONIC DICTIONARIES

CASIO'S ENGLISH AND FRENCH ELECTRONIC DICTIONARIES COME WITH INBUILT SPEAKER FOR CORRECT PRONUNCIATION

Casio has unveiled the EW-B100C and EW-B2000C electronic dictionaries. These portable devices offer synonyms, antonyms and collocations of words. In addition, these allow translation, finding the correct spelling, checking plural, noun or past tense of verb, etc. To help pronounce the word, these have built-in speakers.

The dictionaries have a qwerty keyboard and are powered by rechargeable batteries. The EW-B100C has eight English dictionaries, while the higher-end EW-B2000C model includes eleven English and French dictionaries along with the Britannica Concise Encyclopaedia.

Price: EW-B100C - ₹ 7995
EW-B2000C - ₹ 14,995

Note: Prices may vary according to the local applicable taxes and discounts
