

RIGOL PRODUCTS

Spectrum Analysers

- **DSA 1030** : 9KHz to 3 GHz
- **DSA 1030A** : 9KHz to 3 GHz with TG
- **DSA 1020A** : 9KHz to 2 GHz with TG

Digital Storage Oscilloscope

- **DS 1052E** 50MHz
- **DS 1064B** 60MHz
- **DS1102E** 100MHz
- **DS 1204B** 100MHz

Multimeters

DM 30xx series

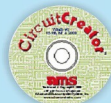

- 5½ Digit Digital Multimeter with 12 different measurement capabilities
- 6½ Digit Digital Multimeter with 12 Different measurement capabilities

RANGE OF PRODUCTS

- Test & Measuring Instrument
- Automotive Electronics
- Bio-Medical Electronics
- Control & Instrumentation
- Data Acquisition & Control
- Flexible Manufacturing System (Robotic & CIM)
- Embedded Development Systems & Compilers
- Microprocessor & Micro-controllers Development System
- Mechatronics
- Electronics / Electrical Trainer
- R.F & Microwave Products
- Thermotechnics
- VLSI / DSP Trainers
- Technology Trainers
- Nano Technology Products
- Power Electronics
- Soldering / Desoldering Station
- Educational Software
- Microwave Components

AMS SOFTWARE

Features for Circuit creator

- Schematic Capture
- Symbol Editor
- Circuit Simulation
- PCB Layout Editor
- Automatic Router
- Gerber Viewer

Features for Spice Creator

- Over 7000 Analog and Digital Models
- Includes CMOS and TTL Devices etc.
- 21 Different Analysis Types
- Real-time Interactive Operation
- Voltages Shown Directly in Schematic
- Built in Model Editor
- Symbol Editor + Device librarian

MICROWAVE BENCHES

MICROPROCESSOR/MICRO-CONTROLLER TRAINER

CNC MILLING TRAINER
