

## Digi-Key Corporation

Digi-Key serves an international market from a single, geographically centralised location in North America. It is a full-service provider of both prototype/design and production quantities of electronic components, offering more than 1.8 million products from over 440 quality brand manufacturers. Digi-Key's global sales for 2010 surpassed \$1.5 billion. Its website, first launched in 1995, offers complete online commerce capabilities along with 24x7 instant access to a broad-based, multi-million dollar product inventory.

## element14 (formerly Farnell)

Since its inception in 1939, Premier Farnell has been a leading multichannel, high-service distributor of electrical, electronics, repair and maintenance components. It has access to over 500,000 parts in stock in its global warehouses. element14 claims to be the fourth largest distributor amongst multinationals, behind Arrow, Avnet and Future. It is an authorised distributor for 3500 leading suppliers like Analog Devices, Altera, Freescale, Molex, Tyco Electronics, Vishay, Kemet, AVX, STMicroelectronics, Fluke, Tektronix and Texas Instruments.

## Elektronika Sales

With operations started in India in 1979, Elektronika Sales has been catering to the Indian electronics industry for more than 30 years. It claims to have expertise in kitting and consolidation of active and passive components catering to original equipment manufacturers all over India. The company has head office and warehouse in Chennai, with sales offices in Delhi, Bengaluru, Mumbai, Hyderabad, Pune, Kerala and Baroda. It is an authorised distributor for NXP, Vishay, Power Integration, Epcos, ROHM and many other brands. Products marketed include ICs, transistors, diodes, oscillators, resonators, resistors, SMPS, LEDs and LCDs.

## Formax Electronics

Formax Electronics is a distributor and authorised stockist of various industrial electronic components and electrical parts. It aims to meet customers' requirement of quality and delivery on consistent and continuous basis at competitive prices. The company caters to telecom, power electronics and other sectors. Products offered are IGBT modules, SCR diode modules, discrete IGBTs, MOSFETs, DC capacitors, integrated circuits, transistors, diodes, EPROMs, hybrid ICs, chip capacitors, SMD ICs, connectors, rectifiers and thyristors, LEDs and displays, trim pots and potentiometers, relays, etc.

## Future Electronics

Future Electronics is one of the leaders in distribution and marketing of semiconductors and passive, interconnect and electromechanical components. It operates in 169 locations in 42 countries in the Americas, Europe and Asia. The company claims to be the only electronic components distribution company to provide 24-hour product marketing capability and expertise to its worldwide customer base. India head office of the company is located in Bengaluru.
