

Millennium Semiconductors

Millennium Semiconductors is a fast-growing distributor of electronic and electromechanical components. It is based in Pune, and has branch offices in Delhi, Bengaluru, Hyderabad and Ahmadabad in India and overseas offices in Singapore and Shenzhen (China). The company has a rich experience of more than 16 years and offers a wide range of electronic components at competitive prices and consolidation (kitting) services from diverse component manufacturers across the globe. It covers sectors like automotive, consumer, embedded systems, medical instruments, process controls and automation, and power distribution.

Mouser Electronics

Mouser Electronics, a wholly-owned subsidiary of Berkshire Hathaway, Inc., is one of the industry's fastest growing global catalogue and online semiconductor and electronic component distributors. Mouser's global corporate headquarter is located in Texas, USA. The product range covers optoelectronics, embedded solutions, semiconductors (discrete semiconductors, integrated circuits (ICs), development tools), circuit protection, passive components, interconnects, wires and cables, electromechanical, sensors, enclosures, thermal management, power, test and measurement, and tools and supplies. India office of the company is in Bengaluru.

Rabyte Electronics

Rabyte distributes and markets advanced-technology semiconductors, passive components, interconnect and electromechanical components, displays and modules from various reputed manufacturers which are spread all over the world. Founded in 1986, over the last two decades, it has evolved to become a single-window source to its customers for their needs of electronic solutions. Rabyte presently serves its clients spread all over the world from a wide spectrum of industries including automotive electronics, consumer electronics, industrial electronics, IT and telecom.

Ramakrishna Electro Components

RamaKrishna Electro Components (REC Group) has a significant presence in Asia-Pacific and claims to be one of the largest distributors and solution providers of semiconductors for the last 28 years with annual sales of \$81 million in the year 2009. REC is an ISO 9001:2000 certified company with offices in Delhi, Pune, Mumbai, Bengaluru, Ahmedabad and Hyderabad. It has a global presence with its sister concerns in Hong Kong, Singapore and China. REC provides solutions for LCD TVs, ballasts, energy meters, DVD/digital set-top box solutions, LED lighting, e-bike, UPS/inverter solutions, and Trident-UOC based CTV chassis commonly known as UOC Top and Toshiba CTV chassis.

RS Components & Controls (India)

RS Components is one of the leaders of electronics and maintenance products, sourced from over 2500 suppliers. It offers a choice of 500,00 products to 1.8 million customers worldwide. RS India claims to have its credit the first player advantage in bringing the concept of "Small volume, high service distribution" to the Indian market in 1994 through an Indo-British joint venture between RS Components of the UK and the Controls & Switchgear Group of India. It caters to every sector of the industry spanning defence, textile, automotive, cement, steel and public-sectors enterprises.
