NEW VAIO LAPTOPS

EXTREMELY STYLISH AND TRENDY, SONY VAIO YB LAPTOPS ARE EASY ON THE POCKET

Price: ₹ 26,990

Sony India has launched the VAIO YB series laptops that combine high performance, fine aesthetics and competitive price. Fitted with the latest Vision Technology from AMD, the new laptops let you enjoy smooth and comfortable HD contents playback, faster Internet operation and finer online gaming experience. HD content can also be enjoyed on a large screen by simply connecting the laptop to a monitor or TV.

Stylishly designed for user-friendly operation, VAIO YB laptops are available in trendy colours of pink, silver and green. These offer superb graphics performance yet consume less power. A 29.5cm (11.6-inch) wide display allows convenient viewing. The isolation keyboard assures comfortable, precise typing and an ergonomic touchpad for precision gestural control.

The laptops weigh only 1.46 kg.

ULTRA-WIDE 3D LED TV

ENJOY MOVIES IN 21:9 FORMAT ON PHILIPS' NEW 3D LED TV

Price: ₹ 400,000-500,000

The Philips Cinema 21.9 LED TV lets you enjoy movies in the ultra-wide 21:9 movie format plus Full HD 3D. Pictures come to life with immersive Ambilight and 3D. There are no annoying black bars and no loss due to unutilised screen space.

The TV also features 2560×1080 resolution, 400Hz and perfect natural motion for ultra-smooth Full HD

movies, and Net TV with Wi-Fi that allows you to wirelessly enjoy the online world.

The Ambilight Spectra 3 intelligently casts a glow of light around the back of the screen for an even bigger movie experience. It can even adapt to different wall colours. Moreover, you can hear cinematic audio just as the filmmaker intended.

SMALLEST COLOUR LASER PRINTER

DELL 1250C PRINTS UP TO TEN COLOUR PAGES PER MINUTE

Price: ₹ 17,000

Find everything you need in an office colour printer, but in a smaller package. Dell claims its 1250C to be the world's smallest, single-function, A4-size colour laser-class printer.

Featuring a small intelligent self-scanning print head and enhanced imaging controller, this state-of-the-art printer delivers high-quality printouts. At the same time, it consumes less power and requires simple maintenance compared to conventional laser printers in the same class.

The printer prints efficiently at speeds of up to 12 pages per minute for mono and 10 pages per minute for colour and can reliably produce high-quality prints at a maximum monthly duty cycle of up to 30,000 pages.
