

Want to make exciting projects yourself?

Worried about the quality of project, sourcing of components and technical support? **PROBLEM SOLVED!**

Minor Projects

Laptop Security System

Rs. 350/-

As suggested by the name, this kit raises an audio alarm and turns on the LEDs as a visual indication too.

Automatic Water Level Controller

Rs. 180/-

A smart kit that uses a sensor to detect when the water level has gone below a certain level. This kit is able to turn on the motor automatically and switch it off when the water rises above the "sensor" level.

Self Learning Kits

Learner's Kit: 8051

Rs. 2990/-

Learners' Kit: AVR

Rs. 2490/-

Here are two great kits for those who want to learn 8051 or AVR microcontrollers. These kits include the trainer boards and a CD containing software required to programme the microcontrollers.

RFID Projects

RF-based Access Control System (iButton)

Rs. 2000/-

The main circuit of this kit is the access control system, which gets triggered when it detects a radio signal bearing pre-set codes. The iButton is an RF transmitting device which has an unique ID. When the iButton comes near the access control system, if the code matches, the control system allows access.

RFID Based Security System

Rs. 5500/-

An RFID based access control system which triggers an electrical signal (can be used to open a gate) when it detects RFID tags in its vicinity. This kit also has the capability to store the number of times the RFID tag comes in the vicinity of the control system.

Major Projects

Cellphone Based Device Control with Voice Acknowledgement

Rs. 1000/-

If you forget to switch off the lights or other appliances while going out, don't worry this device will help you to turn off the appliance with your cellphone. Now your cellphone will work as the remote control for your home appliances.

Obstacle Avoiding Robot

Rs. 3500/-

Robot kit based on an infrared sensor, which detects obstacles in its path. The robot can be programmed to be smart enough to avoid obstacles and take alternate paths.
