Envisioning The Future Of Manufacturing

SINGLE
LARGEST
CONVERGENCE

360°
PERSPECTIVE

For the first time in India, there is an event that promises to deliver future solutions for the complete manufacturing & engineering industry. HiTech Manufacturing Show is a first of its kind event bringing the entire industry under one roof. With **HiTech Manufacturing** as a backdrop for the entire value chain, the show also has **HiTech Material Handling** and **HiTech Automation** as concurrent shows to complement the growth process and future of the industry.

Concurrent Shows
