

Looking for reliable, cost effective, high volume SMPS manufacturers?

- One Stop solution for all your power supply needs!
- Over 10 years track record in design & manufacturing Switch mode power supply
- Over 250 standard field proven products to choose from.
- High volume manufacturing setup. Over 6 lakhs units produced annually.
- Reliable products. On time delivery at competitive price.
- Trusted partner for many OEM's from more than a decade

Quality begins here

Adaptors:

Wide range of wall mounting and bench top adaptors. From 3W to 50W

S.M.P.S.:

Wide range of open & Closed frame SMPS for Industrial, Telecom & Security Applications. From 10W to 1KW

Battery Chargers:

Intelligent Battery Chargers From 3W to 1KW.

Wide range of SMPS Adaptors for Smart card readers, Modems, IT Equipments, Instrumentation, Telecom & Industrial applications.

EMBEDDED ARM TRAINING SUITE

ARM TRAINING SUITE INCLUDES

ARM 7 Trainer kit

Compiler and debugger
through JTag interface

Project Development
solution for ARM 7

E-linux lab for ARM-9

Training program for ARM

Following are the list of our Products

- Microprocessor Trainer kit (8085 -ME, MEL, 8086-ME, MEL) • Microcontroller trainer kit (8051-ME, MEL) • Flash Single chip solution board (89C61X2, 89C51ED2) • Embedded Evaluation board for 89C51ED2, MSP 430, ATMEGA 128, PIC16F • VLSI trainer kits • Interface modules: Various interface modules like stepper motor, ADC, DAC, LCD etc • PC add on cards- PCI bus based cards are available • Communication trainer kits • Project boards • PLC trainer kit with simulation modules • IC trainer kit (Analog & Digital) • Variable Power supply
- Decade boxes • DSP starter kit • Universal Programmers
