WALKMAN

SONY'S NWZ-E363 SERIES WALKMAN WITH LONG BATTERY LIFE FOR UNINTERRUPTED ENTERTAINMENT

Sony has launched the NWZ-E363 Walkman having the company's Superb Walkman audio quality with clear bass and stereo enhancement technologies.

The compact, light-weight music player with 5.1cm (2-inch) LCD has a 4GB capacity and 2.0 TFT colour display.

Price:
₹ 4990

play with white LED backlight. It has a battery life that supports up to 30 hours of audio and four hours of video playback.

The NWZ-E363 also features a dynamic normaliser that smoothes sudden jumps in volume between tracks; suitable for comfortable listening in shuffle-mode when you don't know which track is coming next. Its drag-and-drop transfer system enables transfer of data to-and-fro from the Walkman and the Content Transfer software lets you move music files straight from Microsoft Windows Media Player or iTunes library.

LAPTOP

DELL'S INDIA-INSPIRED LAPTOPS WITH INTERCHANGEABLE-LID OPTION

Dell has introduced its Inspiron R line of laptops with second-generation Intel Core i3 and i5 processors.

The 35.56cm (14-inch) Inspiron 14R and 38.1cm (15-inch) Inspiron 15R come with ten interchangeable lids in vibrant colours with India-inspired designs, which switch the look of the laptops with just a pop and a click.

Inspiron 15R's sleek form-factor encloses Windows 7 Home Premium and up to 4GB of memory. USB 3.0 technology makes transferring photos, videos, music, other graphics and rich files faster.

The laptops come with a six-cell battery and offer support for Blu-ray

Price:
Inspiron 14R model with black lid and one additional design lid starts at ₹ 34,300
Inspiron 15R with black lid and one additional design lid starts at ₹ 35,300

3D movie playback, when equipped with optional Blu-ray drive and connected to 3D TV (HDMI 1.4 required).

PORTABLE SCANNER

HIPSTREET'S PORTABLE HS-SCNR-410 SCANNER IS DESIGNED TO SCAN COLOURED IMAGES WITHOUT COMPUTER WHILE ON THE MOVE

Hip Street has launched a portable fully self-functional handy scanner – HS-SCNR-410 – with LCD status display and inbuilt optical character recognition (OCR) software, which helps in converting any paper documents into editable files.

The 2.1kg scanner, perfect for personal to official uses, comes with two

AAA batteries that provide up to 180 scans. The cordless device can be used by moving the scanner over the document. Its sensitive colour image sensor at high (600dpi) or standard (300dpi) resolution saves the captured document on a micro SD card. The HS-SCNR-410 is compatible with SD cards with up to 32GB capacity.
