

Introducing,

Intelligent
Battery
Systems

**Batteries that self-diagnose their problems
and report to you on their status
with no human intervention**

**Big Benefits on Uptime and
Savings on Manpower costs**

- Enables early preventive action.
- Ensures maximum power uptime.
- Eliminates unnecessary battery replacement.
- Monitor battery health and status remotely via Internet - get SMS/email alerts on specified threshold values.
- Huge savings on manpower costs as any number of battery banks can be monitored on a single screen.
- Makes warranty tracking easier by storing data like installation date, manufacturing date and battery capacity.

Ideally suited for applications like

- Mission critical data centers & server rooms
- Bank branches & ATMs • Telecom BTS and repeater stations • Power plants and sub stations
- Railway coaches & signalling systems
- Large steel plants • Manufacturing industries
- Solar / alternate energy systems installed with battery banks

- 50 service centers across India
- Part of a Rs. 1300 crore group in the IT industry

GSM Mobile Based Projects

I am interested in GSM-mobile-based device switching and monitoring projects using SMS or tone dialing (DTMF) for control. Please tell me the EFY issues in which such a project was published.

Sangameshwar Noubadkar

Through e-mail

EFY: You may refer to the following articles published in EFY:

1. 'Microcontroller-Based Device Control with Voice Acknowledgement' in June 2010 issue
2. 'Cell Phone Operated Land Rover' in July 2008 issue
3. 'Wireless Messaging Via Mobile/Landline Phone' in May 2007 issue

The first project lets you control your home appliances remotely from your GSM mobile phone. The second project can be used to control a robot using your GSM mobile phone. The third project can be used to send SMS from a landline or mobile phone to a display unit at a remote location. All these projects use a DTMF decoder.

You may purchase the details of these projects from 'Circuits on Sale' section of www.electronicsforu.com website.

Visitor Counter

I am working on a project to count the number of people entering a specific area. I have made the sensor for it, but don't know how to design the complete circuit using an IC. Please tell me whether such a circuit has been published in EFY.

Priyanka

Chandigarh

EFY: You may refer to:

1. 'Microcontroller Based Bidirectional Visitor Counter' published in EFY Jan. 2007
2. 'A Bidirectional Human Counter' published in Electronics Projects Vol. 25

To purchase these issues, please contact EFY associates Kits'n'Spares at info@kitsnspares.com

RC Robot

Please publish DIY (do-it-yourself)

projects on radio-controlled (RC) gliders and RC robots.

G. Sumanth Nirmal

Hyderabad

MATLAB Program

Kindly tell me the EFY issue in which a DC motor controller using MATLAB program and nine LEDs was published.

Vikramaditya Shekhawat

Bikaner

EFY: The 'Parallel-Port Controller Using MATLAB' project was published in EFY May 2009. You may contact Kits'n'Spares to purchase this issue. The source code is available on www.efymag.com website.

FM Transmitter

Where can I get an FM transmitter circuit?

Santhosh R.

Through e-mail

EFY: You can download it from www.electronicsforu.com/electronicsforu/lab

PLC Based Project

I want to assemble a microcontroller or programmable logic control (PLC) based project. Please tell me the EFY issues in which such a project has been published. Also, to purchase any project from you, in what name should the demand draft be made?

Mandeep Sharma

Sangrur, Punjab

EFY: Please visit www.kitsnspares.com website for microcontroller-based projects. You may also refer to 'Programmable Logic Controller' construction project published in *Electronics Projects Vol. 24*. Please contact Kits'n'Spares to purchase these issues.

PC-PC Networking

Please publish an article on alternatives to HyperTerminal and Telnet software or other PC-PC networking technologies available in the market. This will certainly benefit the people living in backward and rural areas without Internet connection.

P.V. Satpute

Nashik City
