

UNIVERSAL TESTER WITH LCR MEASUREMENT

MME-UT 20 is universal combo tester cum LCR Meter. It has 40 x 2 LCD, 24 keys Keypad, 20 pin ZIF for IC Testing and component bases for Inductance, Capacitance, Resistor, Transistor and Regulator.

- ♦ Tests Digital ICs TTL/CMOS (14/16/20 pin)
- ♦ Tests Linear / Analog ICs (4, 6, 8, 14, 20 Pins)
- ♦ Measures L, C, R with Calibration Facility
- ♦ μ C Development System
- ♦ Serial Port for upgradation.
- ♦ Tests Diode, Transistors, SCR, UJT, FET, Regulators, Displays

ADVANCED POWER SOLUTIONS

High voltage kills the equipments Instantaneously & may lead to fire accidents. Low voltage reduces the life of equipment over a period of time, which leads to malfunctioning of devices. Heating, energy losses etc. Constant, regulated voltage give's safe performance, Increases life of equipments, reduction in breakdown, repairs, Improved electrical efficiency which leads to high amount of energy saving, reduced down times, less repair costs.

why wait go for Centralised Servomax Servo Stabilizer now & save your costly LCD, LED, Plasma TVs, Fridge, A/Cs, Computers, Tread Mills, Oxygen concentrators etc. at home. Servomax stabilizer is generator compatible, and one can avail 60-80% depreciation, it has high efficiency of 98.5%, this is not all it comes with ϵ marking too...
