

Visitors' Feedback

"We are into solar, and I have come here to know the component manufacturers. This is a very good exposure for us. You come to know about different companies and can choose who you want to do business with"—**S.C. Chugh, executive director, Steca-Bergen Solar Products**

"The show is very well organised and has given us exposure of an international event. I am a manufacturer of LED products, and the Expo has given me a platform to know more about testing equipment from major brands. Next year, I intend to participate as an exhibitor"—**Shyam Jindal, MD, Olive LED Exports**

"Being a field application engineer working with Avnet, which is one of the largest component distributors, I am visiting this Expo to know more about the latest innovative products and new trends in the market. The event has been very well organised"—**Rishi Kumar, field application engineer, Avnet Electronics Marketing**

"I am a trader from Jammu and visited the Expo to know more about the manufacturers and suppliers of electronics weighing scales, STD/PCO monitors, etc"—**S. Charak, Charak Electronics**
