

Electronics For You's **44th Anniversary Issue** (January 2012)

Karnataka

Special Supplement

(Special supplement focusing on Karnataka's electronics industry)

When it comes to electronics industry's footprint in India, Karnataka emerges as the leader. With an ever-increasing base of Indian and foreign firms, public-sector electronics companies, as well as defence research institutes, Karnataka has gradually become the key-driving state for the growth of electronics industry in India.

Key contents of the supplement:

- Overview of the electronics industry in Karnataka
- Karnataka semiconductor policy—the good, the bad, and the ugly
- Recruitment trends in the electronics industry
