## SMART PEN

**LIVESCRIBE'S ECHO SMARTPEN CAPTURES WHAT YOU HEAR AND WRITE, AND THEN TRANSMITS IT TO YOUR PC**

Livescribe Inc. has launched Echo Smartpen with communication and collaboration capabilities.

The pen captures what you hear and write. Available in 4GB and 8GB models, it is capable of recording 400 and 800 hours of audio, respectively. It provides access to important information by tapping on the written notes either directly on paper or on a computer using the Livescribe Desktop software.

The pen features a sleek ergonomic design with a rubberised grip and anti-roll surface. It has a micro-USB connector to transfer notes and audio to your computer, and a 3.5mm audio jack that fits your earphones.

**Price:**

2GB Starter Pack - ₹ 6999

4GB - ₹ 9200

8GB - ₹ 12,500

8GB Pro Pack - ₹ 16,000

## EXTERNAL 3D BLU-RAY WRITER

**ASUS' BW-12D1S-U IS CLAIMED TO BE THE WORLD'S FASTEST EXTERNAL 3D BLU-RAY WRITER**

Price: ₹ 9350

ASUS has introduced the BW-12D1S-U external 3D Blu-ray writer with a burning speed of up to 12x via USB 3.0 interface, optical tuning strategy technology for good writing-quality and high-definition 3D playback.

The writer comes in diamond-inspired design and includes a blue power indicator. A matching stand

allows for horizontal as well as vertical placement to help users save space.

The writer upscales non-HD DVD content to HD standards. It supports both Dolby EX and 5.1-channel DTS-HD, offering high-definition sound as part of your home entertainment setup. Sound decoding ensures no degradation of original audio sources, resulting in crisp sound.
