HCL TECHNOLOGIES LTD

Rs 157,304 mn (2010-11)

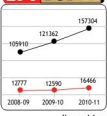

Global IT services company HCL Technologies works with clients in the areas that impact and redefine the core of their businesses. Since its inception in the global landscape after its IPO in 1999, HCL focuses on 'transformational outsourcing' and offers integrated portfolio of services including software-led IT solutions, remote infrastructure management, engineering and R&D services and BPO. HCL Technologies recently disclosed plans to hire as many as 3000 people in the July-September quarter to meet the renewed demand for IT services. In an experiment to see if it can increase its ranks of US employees, the company is reportedly working with twelve schools in three American cities to hire and train engineers.
