

PARAMOUNT COMMUNICATIONS LTD

Rs 7022 mn (2010-11)

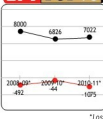

Paramount Communications Ltd is a part of the Paramount group of companies, and has an experience of over half-a-century in cable manufacturing. The company was started in 1955 as a family venture by setting up a small cable manufacturing unit. In 1978 a new unit was started—Paramount Cable Corporation, which supplied telecom cables to the Department of Telecommunications. In the early 1980s, the company diversified its product portfolio and started manufacturing special cables. Today, it has clients including government, institutional and major private sector organisations—both national and international.

SU-KAM POWER SYSTEMS LTD

Rs 6213 mn (2010-11)

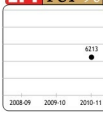

Incorporated in 1988, Su-Kam Power Systems Ltd develops power back-up solutions, engineered to be energy-efficient and thus reduce the user's carbon footprint. It has growing presence across India and over 70 countries worldwide and is branching out towards inexhaustible energy solutions like solar power. The company manufactures a range of around 160 products in seven factories in India and Nepal. It entered into an exclusive agreement with Japan's Toshiba, Mitsubishi Electric in August this year for distribution of solar photovoltaic inverters in India. This tie-up will enable the company to bid for large projects to generate 1MW and more of solar power. Also, the company appointed Madan Kotharia as its chief operating officer in the same month.
