

State-owned telcos losing out to private players

Facing stiff competition from private players, Bharat Sanchar Nigam Limited (BSNL) incurred losses to the tune of Rs 18.23 billion in 2009-10. Mahanagar Telephone Nigam Limited (MTNL) registered a loss of Rs 26 billion.

Clearly, both the state-owned telecom companies are losing out to private operators. First, they witnessed rapid decline in their landline connections as mobile revolution started picking up several years ago, and now with the launch of the mobile number portability service, the number of subscribers leaving these two telcos is far higher than those opting for their mobile services.

Karnataka releases PPAs for 80-megawatt solar projects

Karnataka is inviting bids for solar projects worth 80 megawatts. A draft of the power purchase agreements (PPAs) offered under the policy has also been released. According to the policy, 30-megawatt solar thermal and 50-megawatt photovoltaic (PV) projects will be selected on the basis of the discounts offered by developers on the benchmark tariffs of Rs 14.50 (\$0.36) per kilowatt hour (kWh), as defined by the Karnataka Electricity Regulatory Commission (KERC). Furthermore, developers will sell their power to state distribution companies (DISCOMS). Karnataka has set the submissions deadline, for requests for selection (RFS), for 20 October 2011.

Cadence appoints new channel partner

Cadence has appointed FTD Automation as a value-added reseller in India. FTD is now the only authorised distributor of Cadence OrCAD products in India. It will distribute the Cadence OrCAD design suite and also provide strong localised technical support and training for current Cadence OrCAD users.

"The Cadence Channel Partner programme is designed to address the
