Penguin's mobile application

Now you don't have to walk into a book store to browse through the new arrivals section of Penguin books. A free mobile application furnishes information on all the books published and represented by Penguin Books India. Available on Nokia and Apple devices, this app has 'Just Published,' 'Bestsellers,' 'Coming Soon' and 'News' sections. If you want to watch a video, recommend or discuss a book, click 'Stay Connected' and you will be redirected to the ongoing discussions on the Penguin India Facebook, YouTube and Twitter pages.

ibibo's game developer platform

Using game developer platform 'ibibo Open,' game developers across the world can now publish their social and multiplayer games on ibibo targeting Indian audiences. ibibo will help the developers to understand and adapt to the likings and disliking of consumers. Five game developers have already launched their games using this platform, which include Howzatt cricket from Game Ventures, Singapore; Tower Of Babel by Kingnet, Beijing; Junkyard Mayhem by Games2Win, India; ForestStory by Perfect World Studios, China; and Pet Story by Plinga GmbH, Berlin.

MTNL's mobile website building service

MTNL has tied-up with Akmin Technologies to launch a unique mobile website building service that will allow non-technical users to create and publish a customised website within minutes using their mobile phone or PC. To initiate the service, MTNL mobile users will need to SMS 'MSITE' to 55012 from their MTNL mobile phone. Full service details are provided at the site www.mtnl.akmin.in, which is accessible both via mobile as well as personal computer. The service will be available to MTNL users at just Rs 75 per month.

ACER'S NEW ASPIRE RANGE IS INSPIRED BY NATURE'S COLOURS

Price: ₹ 27,499

Acer has launched its 'gorgeous by nature' themed Aspire range of notebooks.

The 39.6cm (15.6-inch) Aspire 5755 is available in five colours—amazon green, pacific blue, desert brown, sunset red and monsoon black—and has a glossy cover with pinstripe pattern. It is powered by the second-generation Intel Core i5 processor and comes with 750GB HDD storage and NVIDIA GeForce GT 500 series graphics processor (up to 2GB VRAM) supporting Microsoft DirectX 11.

The Aspire 5755 also features Acer's Nplify 802.11b/g/n Wi-Fi, two built-in speaker sound systems with Dolby Advanced Audio, built-in microphone, 1.3-megapixel Crystal Eye HD webcam and Intel HD Graphics 3000.

ALL-IN-ONE PC

HP TOUCHSMART 610 WITH TOUCHSMART 4.0 SOFTWARE SUITE AND 30° RECLINING DISPLAY MAKES TOUCH INTERACTION MORE COMFORTABLE

Hewlett Packard (HP) has launched the TouchSmart 610 desktop PC that gives users an enhanced touch-enabled entertainment experience and also serves as a one-stop shop for all their computing needs. Its TouchSmart 4.0 software suite makes the interaction more accurate and responsive. Users can pinch, rotate, arc, flick, press and drag items on their desktop with

multi-touch gestures. Touch-optimised applications include HP LinkUp and Beats Audio.

The PC features a 57.5cm (23-inch) diagonal high-definition (HD) display that can recline up to 30 degrees. It provides optimal viewing, even when reclined.
