

reliable than analogue video surveillance systems if installed correctly using quality network equipment.

The popularity for high-definition TV and megapixel-network cameras is also increasing to provide high-resolution video streams or get a larger overview, either while viewing live or recorded video.

Smoke alarm. It detects the presence of smoke as an indicator of fire and starts an audio or/and visual alarm. Smoke alarm works either by optical detection (photoelectric) or by physical process (ionisation), or by both.

Video door phone. Traditionally, peep-holes and windows are used to see the visitor before opening the door. But they might give an obstructive view.

Video door phone is a telephone with a video screen capable of bi-directional video and audio transmissions for communication, and it lets you take well-informed decision before answering the door. It might be standalone, multi-station and multi-monitor. Handsfree models are also available. Other attractive feature is colour-picture screen over black-and-white view.

Electronic door lock. As per wikipedia: "An electronic lock (more precisely an electric lock) is a locking device which operates by means of electric current. Electric locks are sometimes stand-alone with an electronic control assembly mounted directly to the lock. More often electric locks are connected to an access control system. The advantages of an electric lock connected to an access control system include: key control, where keys can be added and removed without re-keying the lock cylinder; fine access control, where time and place are factors; and transaction logging, where activity is recorded."

With technology advancing, there are also fingerprint door locks available now. These are biometric entry locks for safe and convenient access to your home. These might be keyless or have an option for mechanical key.

Alarm systems. An alarm is

Zicom's Qube camera

Features

- 1.3-megapixel progressive scan providing high-definition video
- MJPEG & MPEG4 dual streaming
- Six infrared LEDs for night vision
- Two-way audio
- 64-channel software free
- Advanced video motion detection with notifications
- Scheduled and triggered event functionality with preset actions, alarm notifications and upload of images via e-mail

Price: ₹ 13,990

Lilin's D/N vari-focal infrared camera ES-930

Features

- Day/night with radiant distance up to 30 metre
- Focal length 4-9 millimetre
- IP66 weather ratings
- ATW, AGC and auto BLC
- Automatically activated LED (below 10 lux)

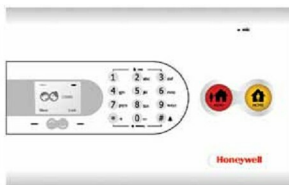

Price: ₹ 5400

Honeywell Armor 100 intrusion panel

Features

- LCD display with integrated backlight
- Dust-proof keypad
- Built-in wireless receiver
- Built-in buzzer
- Calls up to seven pre-programmed numbers in case of burglary, fire or medicinal emergencies

Price: ₹ 10,000 onwards
